

Alumni Survey – Each year the office of career services conducts three surveys. The Graduation survey is given to all seniors and grad level students near the completion of their degree. A follow-up survey is conducted one year after a student graduates from MBU. This data provides a perspective of employment and graduate school trends for MBU Graduates. A follow-up survey is also conducted five years after a student has graduated from MBU. Various questions are analyzed and aggregated by division.

Summary of Data:

(a) In response to the question, “Could you have gotten your job without your degree?”

Alumni Survey "Could you have gotten your job without your degree?"					
Division	No		Yes		Grand Total
