List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

Program Requirements

THIS PAGE INCLUDES:

- >> [Admissions](#)
- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Other

If Other, please specify:

Second semester of sophomore year or first semester of enrollment for transfer or post-bac. students

2. Does your initial teacher certification program conditionally admit students?

- Yes
 No

3. Provide a link to your website where additional information about admissions requirements can be found:

<http://www.mobap.edu/academics/teacher-education-admission-procedures-2/>

4. Please provide any additional information about or exceptions to the admissions information provided above:

Traditional students are required to submit an ACT or SAT score, although no minimum score is required. Non-traditional students may submit a letter requesting exemption from submitting an ACT or SAT score.

Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

1. Are there initial teacher certification programs at the undergraduate level?

- Yes
 No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the rest of the page blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Number of full-time equivalent faculty supervising clinical experience during this academic year	10
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	247
Number of students in supervised clinical experience during this academic year	192

Please provide any additional information about or descriptions of the supervised clinical experiences:

Students are required to complete a minimum of two formal supervised field experiences (totaling 75 clock hours) prior to student teaching. However, many of our education courses also include field experience components, although the number of hours and types of experiences required vary for each program.

Enrollment

THIS PAGE INCLUDES:

>> [Enrollment](#)

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2017-18. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2017-18 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2017-18

1. Did your program prepare teachers in mathematics in 2017-18?

- Yes
- No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in mathematics in 2017-18?

1

3. Did your program meet the goal for prospective teachers set in mathematics in 2017-18?

- Yes
- No
- Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

MBU began 2016-2017 with 24 students enrolled in programs leading to Mathematics certification. Ten students were either recommended for certification, changed their majors, or withdrew from the university before the 2017-2018 school year. Although nine new students enrolled in programs leading to Mathematics certification during the 2017-2018 school year, this left us with a net total of 23 students enrolled in programs leading to Mathematics certification for the 2017-2018 school year.

Assurances

Please certify that your institution is in compliance with the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#), [§206\(b\)](#)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
- No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
- No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Effective in Fall 2013, a 10-clock hour field experience with ELL students was added to the course, EDRD 423/523: Integrating Literacy in the Content Areas, which is required for all candidates seeking initial teacher certification. Effective in Fall 2014, MBU began offering a new course required for all candidates seeking initial teacher certification, EDUC 203: Teaching in a Diverse Society, which includes a 15-clock hour simulated field experience with diverse student populations and educational settings. A significant number of Missouri Baptist University's students come from low income, rural areas outside of the St. Louis area. All students enrolled in EDCL 211: Teaching Field Experience I are required to choose a pre-selected site for their placement which has been identified as representing a variety of diverse populations. All candidates also have the opportunity for additional field experience or student teaching in these areas. Education courses include objectives related to improving candidate proficiencies for working with diverse students and an assessment component to determine if the diversity objectives are being met.

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

1. Is your teacher preparation program currently approved or accredited?

- Yes
 No

If yes, please specify the organization(s) that approved or accredited your program:

- State
 NCATE
 TEAC
 CAEP
 Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

- Yes
 No

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All teacher certification candidates take a course (EDUC 373: Technology and Instructional Media for undergraduate students, and EDUC 573: Applications of Technology as an Effective Tool in Teaching and Learning for post-baccalaureate students) that exposes them to a variety of current technologies that enhance teaching and learning when used effectively. Candidates learn to identify and integrate various technologies to enhance teacher productivity and professional practice and apply the technologies in the curriculum and instruction to enhance learning experiences for diverse students. Students create lesson plans and units that integrate technology into the teaching and learning that takes place. The course, ECTA 323: Curriculum, Assessment, and Data-based Decision Making, is also a requirement for all candidates seeking initial teacher or library certification. This course provides an introduction to theoretical and practical applications of data-driven decision-making, assessments and curriculum planning for educators. Various courses require students to examine and analyze data from the Missouri Department of Elementary and Secondary Education (DESE) web site in an effort to improve teaching and learning. All candidates seeking teacher or library certification are required to participate in the Missouri Pre-Service Teacher Assessment (MoPTA) (or Missouri Library Performance Assessment, MoLPA). This performance-based assessment requires candidates to collect and analyze data to determine the candidate's impact on learning for their students. Teaching Field Experience I and II and Professional Growth and Development I and II also include course objectives for collecting and analyzing data to prepare candidates for the final assessment which occurs during student teaching. Successful completion of the MoPTA (or MoLPA) is a certification requirement for all candidates

seeking initial teacher (or library) certification in the state of Missouri. MBU also offers a Master's degree in Educational Technology.

Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(§205\(a\)\(1\)\(G\)\)](#)

1. Does your program prepare general education teachers to:

a. teach students with disabilities effectively

- Yes
 No

b. participate as a member of individualized education program teams

- Yes
 No

c. teach students who are limited English proficient effectively

- Yes
 No

2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Teacher Education candidates receive instruction on how to effectively teach students who are limited in English proficiency in courses such as EDRD 423/523: Integration of Literacy in the Content Areas, ELED 453/553: Integrated Language Arts Concepts for PK-6, and EDRD 443/543: Analysis and Correction of Reading Disorders, in addition to various courses in the Special Education program. Effective Fall 2013, a 10-clock hour field experience with ELL students was added to EDRD 423/523: Integration of Literacy in the Content Area specifically to observe and work with students who are limited in English proficiency. This course/field experience is required of all students seeking initial teacher certification. In addition, every teacher candidate is introduced to IEPs in EDPS 453/553: The Exceptional Child and gains further exposure in other courses throughout the curriculum. The Education Division faculty created an internal curriculum matrix to identify comprehensive coverage of the entire IEP process and revised course objectives/assignments of professional education coursework to reflect this process. Missouri Baptist University teaches all pre-service teachers about the MTSS process for connecting students with interventions and using monitoring procedures to measure student growth. Content regarding evidence-based practices with MTSS is purposefully integrated into several literacy courses taken by candidates in general education and special education programs. In addition, candidates learn about behavior/classroom management needs of children with special needs, including characteristics of children with special needs, instructional needs, structures/routines, behavioral contracts, behavior modification, ABA analysis, PBIS, and behavioral expectations.

3. Does your program prepare special education teachers to:

a. teach students with disabilities effectively

- Yes
- No
- Program does not prepare special education teachers

b. participate as a member of individualized education program teams

- Yes
- No
- Program does not prepare special education teachers

c. teach students who are limited English proficient effectively
