To **prepare** for the Missouri Content Assessments go to <http://www.mo.nesinc.com/Home.aspx>, click on the **Prepare** link at the top of the page and then click on either *Test Frameworks* or *Study Guides*. Test frameworks provide the content covered by the test. Study guides provide general information about the test, as well as sample questions to help you prepare. For middle school business and speech/theatre, scroll down to Professional Knowledge: Middle School, since there is currently no content-specific exam available. Each official practice test is 100% aligned to test content and is designed to simulate the experience of taking the actual test. Practice tests include explanations for correct responses. Reviewing these rationales can help you focus your test prep. You have access to this material for 120 days from the time that you activate it, so it is recommended that you take the practice test at the beginning of the semester in which you plan to take the MoCA.

To **register** for the Missouri Content Assessments, go to <http://www.mo.nesinc.com/Home.aspx>, click on the **Register** link at the top of the page and then either login, if you have already created an account for MEP or MoGEA, or create an account and then login. If you are registering for a multi-content test, such as elementary education, be sure to select **ALL** subtests before proceeding to checkout. You will note that your registration gives you a one year window in which to select the test date, testing time, and test center after completing the registration and payment process.

*The Missouri Content Assessments are available year-round by appointment, Monday through Saturday (excluding some holidays), at flexible times and locations. World Language tests are administered only during specific testing windows which vary by language and location; see World Language Tests: [View score report dates](#) online.*

- **Examinees who do not pass a test may retake it. Those who wish to retake a test must complete the registration process again. Please note that examinees must wait 30 days before registering to retake a test.**

**Always be sure to download your PDF score report. Score reports released 8/30/2016, or later are available for two (2) years in your account (scores released prior to that date were available for 45 days).**

MBU has a **limited** number of vouchers available for Missouri Content Assessments during the 2023-2024 academic year. Eligibility is dependent on financial need as demonstrated through the Free Application for Federal Student Aid (FAFSA) for the 2023-2024 academic year. The primary EFC information listed on your Student Aid Report (SAR) must be \$1,200 or less. Email completed forms to [kathleen.wendt@mobap.edu](mailto:kathleen.wendt@mobap.edu).

1. Applications will be considered in the order in which they are received.
2. Students may receive **only one voucher**.
3. Vouchers may or may not cover the full cost of the registration fee, depending on the exam.
4. Priority will be given to those who must take multiple exams (seeking certification in more than one content area) or exams with multiple subtests (elementary education).
5. **Vouchers are available only for area(s) in which you are seeking recommendation for initial certification.** Vouchers are not available for area(s) which you are seeking to add via exam.
